THANKSGIVING DAY.

Proclamation Issued by the President of the United States.

NOV. 28 IS THE TIME

President Roosevelt in His Message Refers to the Death of President McKinley With Honor, With Love and Much Feeling.

Washington, Nov. 2.—President Roosevelt has issued his proclamation, fixing November 28 as the day for national thanksgiving. The proclamation is as follows:

A Proclamation: The season is high when, according to the hallowed custom of our people, the president appoints a day as an especial occasion for prayer and thanksgiving to God. This thanksgiving finds the people still bowed with sorrow for the death of our great and good president. We mourn for President McKinley because we so loved and honored him! and the manner of his death should awaken in the breasts of our people keen anxiety for the country and at the same time resolute purpose not to be driven by any calamity from path of strong, orderly, popular liberty, which, as nation, we have thus far safely trod. Yet in spite of this great disaster, it is nevertheless true that no people on earth have such abundant cause for thanksgiving as we have.

The past year in particular has been one of peace and plenty. We have prospered in things material and have been able to work for our own uplifting in things intellectual and spiritual. Let us remember that, as much as has been given us, much will be expected from us, and that true homage comes from the heart as well as from lips and shows itself in deeds. We can best prove our thankfulness to Almighty God by the way in which on this earth and at this time each of us does his duty to his fellowmen.

Now, therefore, I, Theodore Roosevelt, president of the United States, do hereby designate as a day of general thanksgiving, Thursday, the 28th of this present November, and do recommend that throughout the land the people cease from their wonted occupations and at their several homes and places of worship reverently thank the Giver of all good for countless blessings of our natural life.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 2d day of November in the year of our Lord, 1901, and of the independence of the United States the one hundred and twenty-sixth.

THEODORE ROOSEVELT,

By the president.

JOHN HAY, Secretary of State.

PLAGUE QUARANTINE.

Texas Is Not Going to Let That Disease Get a Foothold.

Austin, Nov. 2.—The state health department has begun active preparations to keep bubonic plague out of Texas and orders have been given for a strict quarantine against all infected ports. Seven or eight ships from Liverpool and Glasgow now enroute to Galveston and these vessels will be detained ten days at quarantine station and for an indefinite period should there be sickness on board.

Only Three Cases.

Liverpool, Nov. 2.—There are three cases of bubonic plague now in the hospital here. All are doing well.

No New Plague Cases.

Glasgow, Nov. 2.—No additional cases of the plague were officially reported for Friday. Two hundred employees of the Central Station hotel are confined to the hotel precincts for observation.

No Fear of Plague.

Washington, Nov. 2.—With the information so far in possession of the marine hospital service authorities as to the outbreak of the plague at Liverpool and Glasgow this government does not regard these cities infected ports. The utmost care, however, is being exercised by the officials here to prevent the plague from entering Atlantic ports through incoming vessels from Liverpool.

Murdered by His Wife.

Milo, Me., Nov. 2.—The coroner's jury which investigated the murder of Thos. Gero at Chesuncook, a region far up in the woods beyond Moosehead lake, has found that he came to his death from knife wounds inflicted by his wife. The chief witness was a guide, Fred Holt, who was going down the lake in a canoe. He witnessed the murder.

Increase in Stock Companies.

New York, Nov. 2.—The changes in

the New York corporation laws and the reduction of the tax for the privilege of organization by the last legislature has resulted in a large increase in the number of stock companies forming in this state.

American Cattle Barred.

New York, Nov. 2.—A dispatch from Buenos Ayres says the government has informed the American minister that it cannot allow the importation of American cattle for breeding purposes.

NICARAGUAN CANAL.

An Understanding Reached Which Abrogates Clayton-Bulwer Treaty.

London, Nov. 2.—The first official statement of any kind for a month in relation to the Nicaragua canal, has been obtained by the Associated Press. It confirms the fact that Lord Pouncefote, the British ambassador to the United States, when he lands in New York will have with him a draft of the new treaty abrogating the Clayton-Bulwer treaty which is in every particular satisfactory to Lord Salisbury's cabinet.

Since a representative of the Associated Press interviewed Lord Pouncefote in London not one word officially authorized has been given out here with reference to the canal. Editorials which have appeared in England have been based entirely upon dispatches from the United States.

The American state department does not require to see a copy of the important document Lord Pouncefote carries in order to learn its terms, though officially, negotiations will only commence when the ambassador reaches Washington. Until that time the exact conditions of the new convention will be held.

Though it is admitted that Great Britain has agreed to put the Clayton-Bulwer treaty to one side and acquiesce in the construction of the canal by and under the control of the United States, this concession from Lord Lansdownes' original contention has not been granted without some real or fancied advantage to Great Britain. This concession on the part of the United States is said to be in the form of reciprocity trade arrangement between the United States and the British West Indian and other American possessions.

Notice Treaty Terminated.

Washington, Nov. 2.—Nicaragua has given notice of the termination of the treaty of 1867 granting the United States authority to build a canal across that country. Also the treaty of 1870.

INDUSTRIAL PROGRESS.

Remarkable Advances Made in Four of the Southern States.

Baltimore, Nov. 2.—Preliminary figures of the census of 1900 for four typical Southern States are held by the Manufacturers' Record in this week's issue as including a most gratifying progress industrially in the south during the past ten years. The figures show an increase in the value of manufactured products in Florida of 100 per cent; in Alabama, of 61 per cent; in Georgia, of 54 per cent, and in Mississippi of 116 per cent during the decade.

The fact that while there has been a slight apparent decrease in the actual number of industrial establishments in four of the leading cities in Georgia, there has been an increase in the amount of wages, the capital invested and the value of the products, and an increase of 75 per cent in the number of establishments in the whole State, is held to be in harmony with what seems to be the general tendency in the south and in the country, a rapid rise of industries in new localities paralleling the centralization of some of those at long-established centers.

This rapid rise appears in the increase of 180 per cent in ten years in the number of manufacturing establishments in Mississippi, so long occupied in agricultural pursuits, slower to enter the industrial field, but now beginning to feel and to reveal statistically the material results of systematic railroad building, especially during the past five years, with a consequent opening up of timber resources, the development of truck growing, and the increase in wood working plants and kindred undertakings.

This development will undoubtedly be found to be marked and on similar lines in other States, such as Texas and West Virginia, where railroad construction has opened new fields for the miner and the lumberman. In the meantime, communities in other States are meeting their opportunities.

Latest in Labor Organizations.

Chicago, Nov. 2.—The newest labor organization in Chicago is the Pull Bearers' union, formed by about 60 men who gain a livelihood in the service of undertakers. The new union will establish a minimum scale of wages and

prescribe other regulations which its members hope to enforce. The Under-rakers' association is said to look upon the new organization with favor. Theodore Huckman and Anthony Applegate came from Washington, D. C., to organize this union and it is said they will apply to the American Federation of Labor for charters for the Chicago and Washington lodges.

Oil Refinery for Galveston.

New York, Nov. 2.—It can be stated on good authority that plans for the establishment of a large oil refining plant at Galveston are under consideration by the Standard Oil company. The oil will be piped from the petroleum fields.

City Marshal Killed.

Prescott, Ark., Nov. 2.—H. C. Cox, city marshal of Prescott, was shot and killed by Charles Levy, a negro whom Cox attempted to arrest for disturbing the peace among negro laborers on railroad work below this place. Levy escaped. He will be lynched if caught.

Central Texas Fair.

Come to the Central Texas Fair. And you will see a man go up in the air. With a balloon and parachute. A very brave act, no one can dispute. There are some horses that are hard to beat. And others that are swift on their feet. The race between the black and brown is talked about all over town. There is a cow that gives 12 gal. at a time. If you think you have got one that will beat it. Bring it down here and we will defeat it. Come to the Central Texas Fair. Some very fine cattle you will see there. There's a hog that whiffs 601. And some horses that can surely run. Come to the Central Texas Fair. If you have got enough money to bring you there. It is the best fair that's been in the state. So come on now, and do not wait. —Ben Hendley, age 14.

ELEVEN DEATHS.

Diphtheria Anti-Toxine Give Children at St. Louis Lockjaw.

St. Louis, Nov. 2.—The list of deaths attributed to lockjaw as a result of the administration of diphtheria anti-toxine, manufactured by the city chemist, numbers 11, two new deaths being reported. Eleven other children are reported to the health department as suffering from lockjaw with slight chances for recovery. The cause of lockjaw in each case is said to be poisoning from the city's diphtheria anti-toxine. As a result of the charges, the health department has begun the free distribution of tetanus anti-toxine. It is designed to inject the serum into the blood of diphtheria patients who have been inoculated with the tetanus serum and thus exposed to lockjaw. The health department has announced that no more diphtheria anti-toxine will be manufactured by the city of St. Louis.

The investigation ordered by the city coroner to determine positively the cause of the deaths of the eight children who are alleged to have died from lockjaw, following the administration of the city's anti-toxine, is being pushed and it is expected that its object will be accomplished within a few days.

Drs. Bolton, Fish and Waldren, three of the most experienced bacteriologists in St. Louis, are making tests with anti-toxine and the serum taken from the spinal columns of the dead children.

Dr. Ravold, city bacteriologist, who made the anti-toxine complained of from serum taken from a horse, which developed tetanus on Oct. 1 and was shot, declares that if the animal's system contained tetanus bacilli on Aug. 24, when the last serum was taken from him, it was impossible to detect it by inspection of the horse.

At the Baptist hospital, an independent investigation has convinced Drs. A. B. Nichols, R. C. Harris and C. C. Morris that the presence of tetanus germs in the city anti-toxine is indisputable. A guinea pig was inoculated with the anti-toxine Wednesday night and developed symptoms of lockjaw Thursday morning and died Friday.

TEXAS NEWS.

Dr. Tabor Assumes Charge.

Austin, Nov. 2.—Dr. George R. Tabor has assumed the duties of his position as state health officer Friday morning. He appointed as clerk, who will act as assistant health officer, Dr. Chas. Fishback Norton, who has resigned the position of quarantine officer at El Paso.

Killed Thirty Ranchers.

El Paso, Tex., Nov. 2.—Reports from the state of Sonora, Mexico, reached here Friday afternoon that Yaqui Indians attacked Mexican ranchers near Oniaias, killed 30 persons and escaped to the mountains. Troops are now pursuit.

Treasury Receipts.

Austin, Nov. 2.—The state treasury received fully \$40,000 in cash Friday in payment of interest and principal on school land accounts. The average for the last three days has been \$40,000, which added to the \$128,000 for October makes a total of \$46,000.

Killed in a Runaway.

Van Alstyne, Tex., Nov. 2.—Lynn, the 4-year-old son of E. A. Turner, was killed in a runaway. The horse turned over a spring wagon, the wheel striking the back of his head, causing concussion of the brain.

No Claw Found.

Waco, Tex., Nov. 2.—There is no claw to the whereabouts of the negro that murdered John McDonald and his wife and severely beat their little son, who were in a fishing camp on the Brazos river.

Fire at Leona.

Jewett, Tex., Nov. 2.—The town of Leona, 20 miles south, suffered from fire Friday. Seven buildings were burned causing a loss of \$17,000; insurance is small.

Injuries Caused His Death.

Taylor, Tex., Nov. 2.—John Young, who was run over by a switch engine at the Missouri, Kansas and Texas depot Thursday, died here.

Parental Rights Affected.

Indianapolis, Nov. 2.—The supreme court in a decision handed down on an appeal from Jay county court, found the state compulsory educational law to be constitutional. The decision, in substance, refuses to countenance the contention that the state has no right to interfere with the parental management of a child. In this respect the opinion is considered unique by attorneys. It says: "The natural rights of the parent to the custody and control of the infant child are subordinate to the power of the state, and may be restricted and regulated by municipal law."

No Claw to Lukban.

Manila, Nov. 2.—Reports from Samar say nothing has been heard from Lukban, the Filipino leader, for several days. Soldiers have chased down every rumor, finding no claw. It is believed he has taken to the mountains to await another opportunity to attack isolated detachments.

Suicide of Nelson.

Guthrie, O. T., Nov. 2.—J. W. Nelson, aged 69, a wealthy resident and land owner of west Guthrie, committed suicide by shooting. Continued worry over imaginary enemies caused the act.

Government Purchases Bonds.

New York, Nov. 2.—It is announced at the sub-treasury that the total bond purchases by the government Friday amounted to \$1,272,170 par value and with premiums \$1,587,987.63.

HELD FOR CONTEMPT.

Newspaper Men Held Under Heavy Bond by a Chicago Judge.

Chicago, Nov. 2.—Judge Hancock held representatives of the Chicago American in bonds to appear before the court in order to show why they should not be punished for alleged contempt of court. Bail was fixed as follows:

S. S. Carvelhoe, general manager, and Andrew M. Lawrence, managing editor, \$10,000 each; H. S. Canfield, reporter, and John C. Hammond, assistant city editor, \$1000.

W. R. Hearst, Homer Davenport and Clara Briggs, also accused of contempt through articles, editorials and cartoons, printed in connection with the People's Gas, Light and Coke company case, were out of the state.

Rain Badly Needed.

Washington, Nov. 2.—The weather bureau has issued a bulletin showing the weather conditions for the past month throughout the country. Rain is very generally needed over the middle and south Atlantic and belt coast district and also in the central valleys and middle Rocky mountain region, drought being very severe in western Texas, and in the upper Ohio valley very little damage by frost has occurred. On the Pacific coast the month has been favorable. Practically the whole month has been favorable for cotton picking.

Labor Situation Distressing.

Berlin, Nov. 2.—While the agrarians continue to demand even higher protective duties than those proposed by the government, the distress throughout Germany is becoming intense. It is estimated that there are 80,000 unemployed persons in Berlin. In the suburb of Charlottenburg, particularly the condition of labor, both skilled and unskilled, is distressing. A mass meeting of the unemployed has been called there.

Large Sum Due Heirs.

St. Joseph, Mo., Nov. 2.—A special agent for a life insurance company arrived here from Chicago, searching for heirs of Alexander M. Mitchell, who was a prominent resident of this city up to 1875, when he went to Kansas City and was never heard from again. There is a life insurance policy for \$25,000 that is ready for payment to his heirs if they can be found. The interest on the policy, aggregating a large sum, will be due the heirs.

Judge Matthews Dead.

Ardmore, I. T., Nov. 2.—Judge A. D. Matthews, aged 67, a pioneer of the Indian Territory, dropped dead at his home. He was the first United States commissioner under Harrison's administration and was well known throughout the Territory. He leaves a family.

Minister Griscom Married.

London, Nov. 2.—Lloyd Carpenter Griscom, United States minister to Persia, was married in St. Margaret's church, Westminster, today to Miss Duer Bronson, daughter of the late Frederick Bronson of New York.

To Cure Dyspepsia and Indigestion.

Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

EXCURSION TO WACO AND MARLIN

Via H. & T. C., Sunday, November 3rd, 1901.

For special train leaving Bryan at 9:33 a. m. Sunday Nov. 3rd, the H. & T. C. R. R. will sell round trip tickets to Waco and Marlin, good to return on special train leaving Waco 8:35 p. m. and Marlin 9:42 p. m. Nov. 3rd. Tickets good on special train only. Fare, Waco and return \$1.50. Marlin and return \$1.00. M. L. Robbins, W. S. Wilson, G. P. & T. A. Agent.

City Market.

Having purchased the City Meat Market from Messrs. Smith & Adams, I desire to inform the public that I am ready to supply

GOOD REFRIGERATED MEATS

Beef, Pork, Mutton and all kinds of market products in any quantity at reasonable prices. I will buy only the best animals and employ expert meat cutters. A portion of your patronage will be appreciated. Respectfully,

JOHN W. HICKS.

BRYAN POSTOFFICE.

Most Important Between Houston and Corsicana.

Postmaster Haswell informs the Eagle that the receipts of the Bryan postoffice for the year ending September 31, 1901, aggregate \$7825.19. Mr. Haswell says the reports of the postoffice department show that Bryan's postal receipts are two thousand dollars in excess of those of any other point on the H. & T. C. between Houston and Corsicana. The receipts for the past year are only \$200 short of the amount required to give Bryan a second class postoffice, there being no second class office at present between Houston and Corsicana. At the present rate of increase this will be accomplished by September 1, 1902. The receipts for October, 1901, are the largest in the history of the Bryan office, amounting to \$979.

PROCLAMATION.

I wish to urge the citizens of Bryan to give their premises a general cleaning up. The Central Texas fair will soon be held here and you should make an effort to have our little city in a thorough sanitary condition. The street committee and the city marshal will see that the streets and sewers are put in good condition and disinfected, but they cannot go into your yards and alleys. You will have to look after your private premises and your alleys. You should cut all the weeds and burn them at once and use lime freely. If you will co-operate with the city officials you will be surprised at the splendid results.

Geo. R. Tabor, M. D.,
City Health Officer.

I desire to join the health officer in urging this matter upon all who have not given it attention. Let us clean up the town and get ready for our visitors.
J. S. Mooring,
Mayor.

John M. Caldwell has the largest and most elegant stock of jewelry ever shown in Bryan. Watches, loose diamonds, diamond rings and brooches, solid silverware and novelties of all kinds, fine umbrellas and walking canes, clocks in all designs and something new and handsome in statuary and vases. 291

A CORRECTION.

A report has gained currency that articles on exhibition at the Central Texas Fair will not be adequately protected. This is a great mistake. Guards will patrol the grounds and buildings night and day. At night after 10 o'clock the exhibit hall will be locked and everybody excluded, and the buildings guarded. Every article will be absolutely safe. Very respectfully,
W. S. Howell,
Secretary.

Rev. Jewell Howard, who has just returned from Minneapolis, will make a report upon the work of the national convention of the Christian church at the morning service to-day. Other services as usual at the Christian church with preaching at night.

Fair—Rain—Rubbers.

Winter is at hand and we have bought a big stock of rubbers, rubber boots and mackintoshes. Buy your rubbers now, before winter sets in. We have children's, women's and misses', also arctic rubbers. Call now before the fair rush.

BRITISH LOSE AGAIN.

Boers Defeat Benzon's Command in
Eastern Transvaal.

MANY WERE KILLED

Kitchener Only Sends Partial Particu-
lars and Says He Fears Casualties
Were Heavy—The Battle Oc-
curred During a Mist.

London, Nov. 2.—General Kitchener
reported Friday to the war office an-
other disaster to the British near Beth-
el, eastern Transvaal, in which two
guns were lost, several officers killed
and wounded, 54 men were killed and
160 wounded.

The following is the the text of
Kitchener's dispatch, dated Pretoria,
Nov. 1:

"I have just heard of a severe at-
tack made on the rear guard of Col.
Benzon's column when about 20 miles
northwest of Bethel, near Broken
Laage, during a thick mist.

"The strength of the enemy is report-
ed to have been 1000. They rushed
two guns with the rear guard, but it
is uncertain whether they were able to
remove them.

"I fear our casualties were heavy.
Col. Benzon was wounded, but not se-
verely. A relieving column will reach
him this morning."

Later Lord Kitchener telegraphed
as follows:

"Colonel Carter, who marched from
the constabulary line yesterday reach-
ed Benzon's column early this (Fri-
day) morning unopposed. He reports
that Colonel Benzon died of his
wounds.

"The officers killed were Colonel E.
McGuinness, Major F. D. Murray,
Captains E. Llood, M. W. Lindsay and
E. T. Thouroult, Lieutenants E. V. I.
Brooks and R. E. Sheppard and Second
Lieutenant A. J. Corlett."

Lord Kitchener then gave the names
of 12 officers who were wounded, most
of them severely, and announces that
54 non-commissioned officers and men
were killed and 160 wounded, adding
that four of the latter have since died
of their wounds. The dispatch then
says:

"I assume that the two guns have
been recovered and the enemy has
withdrawn, but I have no further de-
tails.

"I deeply regret the loss of Colonel
Benzon and the other officers and men
who fell with him. In Colonel Benzon
the service loses a most gallant and
capable officer, who invariably led his
column with marked success and judg-
ment.

"The fighting was at very close quar-
ters and maintained with determina-
tion on both sides. The enemy suffered
heavily, but I have not yet received a
reliable estimate. The Boers retired
east."

Colonel Benzon had been for some
time operating in the vicinity of Beth-
el, which is northeast of Standerton.
He surprised Boer Laager Oct. 22,
near Trichardsfontein, taking 37 pris-
oners. Three days later, according to
Lord Kitchener's report at the time,
after a long night march, the comman-
dos under Gabelaar and Brasmas
heavily attacked Benzon's rear guard
and flanks at Yzivarkarfontein, but
were easily driven away.

Whether this was the attack which
resulted so disastrously, or whether
the Boers, who had been repulsed, took
advantage of the mist to renew the
attack, is still unexplained.

Lord Kitchener does not give the
date of the Bethel engagement.

Another dispatch from Lord Kitch-
ener says Colonel Kekewich, during a
night surprise of Van Albert's Laager,
northeast of Rustenburg, about 60
miles west of Pretoria, captured 78
Boers.

Manchurian Convention Denounced.

London, Nov. 2.—The Standard pub-
lishes the following from its Shanghai
correspondent:

As a result of the violent opposition
of the viceroys to the Manchurian con-
vention, it is said that the empress dow-
ager notified Li Hung Chang of her res-
olution to denounce it and that Li Hung
Chang on hearing this became ill.

Li Is Seriously Ill.

Pekin, Nov. 2.—Li Hung Chang's
physicians have pronounced his condi-
tion grave. He has had hemorrhages
for the last two days. His death would
probably affect negotiations as to Man-
churia, which he has been conducting
with M. Paul Tessar, Russian minister
to China.

Preacher Lodged in Jail.

Marion, Ind., Nov. 2.—Rev. George
W. Osborne, a Seventh Day Adventist
minister, was arrested by Truant Of-
ficer James on the charge of disobeying
the truancy law and keeping his 10-
year-old son out of school. Osborne
pleaded not guilty and his bond was
fixed at \$50, which he did not attempt
to give, but went to jail. He gave as
his reason for not sending his son to
school that he did not wish him to learn
certain things taught in the public
schools.

TURKEY BROUGHT AROUND.

Dispatch of French Warships Forces the
Sultan to Settle.

Paris, Nov. 2.—The dispatch of Ad-
miral Caillaud's squadron from Toulon
to Turkish waters has already had ef-
fect. The French foreign office has re-
ceived a telegram from M. Baptiste,
the counselor of the French legations at
Constantinople, announcing that the

SULTAN ABDUL HAMID.

sultan Friday sent him a message ac-
cepting all the French claims, includ-
ing the Lorando claim. It is understood
the French government also will demand
an understanding that Turkey is not to
renew recent interference with diplo-
matic mail bags.

Italian Squadron also Sails.

London, Nov. 2.—A dispatch to a
news agency from Rome says a second
division of the Italian squadron has
started for Turkey with the object, it is
said, of counterbalancing the French
naval demonstration.

BULLER'S EXACT WORDS.

They Have Not Been Published and Are
Not Likely to Be.

London, Nov. 2.—The exact terms in
which General Buller, who continues to
monopolize the conversation in Eng-
land, advised General White to surren-
der Ladysmith, have not yet been pub-
lished, nor are they likely to be in the
near future. It is probable the war of-
fice will take absolutely no action in
the matter until parliament reassembles
when the official paper will be ready
to answer the request which is sure to
be made, to have these dispatches placed
before the house of commons. Buller,
so far, has asked this to be done, and
the official view of the case is that he
is not likely to take any such a step.

Agitation in favor of Buller does not
disturb the officials of Pall Mall, and
with the exception of a few parliamen-
tary passages at arms, they expect it to
blow over as did the retirement of Gen.
Colville.

CONDITIONS AT NOME.

No Scarcity of Food Exists There and
the Outlook Is Excellent.

Seattle, Wash., Nov. 2.—Lieutenant
D. H. Jarvis, who was among the last
to leave Nome, reports that from 3000
to 3500 people are wintering in the dis-
trict.

Lieutenant Jarvis had been the gov-
ernment treasury agent, doing customs
work at Nome this summer. Of the
number he mentions, which includes
the mining population of the the whole
Seward peninsula, about 2000 are in the
town of Nome.

Lieutenant Jarvis states that there
will be no scarcity of food supplies this
winter. He states also that the com-
ing season will be a good one and the
outlook for the future from a gold pro-
ducing standpoint is encouraging.

The condition of the natives is stated
to be much improved over that of the
season of 1900.

OBTAINED HIS REVENGE.

Fatally Injures a Woman, Kills Her Hus-
band and Then Suicides.

Amsterdam, N. Y., Nov. 2.—Fred
Bankert gained admittance to apart-
ments of William Green late Friday
night and killed Green shooting him in
the neck with a revolver and splitting
his head open with a hatchet. Bankert
also shot Mrs. Green and cut her head
open with a hatchet, inflicting fatal
wounds, and then shot himself through
the heart dying instantly.

Bankert was a suitor of Mrs. Green
before her marriage but his love was
unrequited. For this reason he shot her
Nov. 23, 1895, and cut her with a razor,
but she recovered from her wounds. For
this crime Bankert was sent to the state
prison and was released about five
months ago.

Dead Body Identified.

Newburyport, Mass., Nov. 2.—The
body that was found among the drift-
wood on Plum island has been identi-
fied as that of John J. Abele of Cam-
bridge, the identification being made
by his sister, Miss Christina Abele of
Cambridgeport. The opinion is he was
murdered and the body thrown into the
water, after it floated toward Plum is-
land. Miss Abele says her brother
usually carried considerable money
about him.

Louisville Man Appointed.

Washington, Nov. 2.—Theodore In-
galls of Louisville, Ky., has been ap-
pointed chief of the mail depredation's
division of the postoffice department,
succeeding Emanuel Speich, transferred
to another branch of the service.

Over One Hundred Drowned.

London, Nov. 2.—It is announced in
a dispatch to a news agency from St.
Petersburg that scores of fishing boats
were wrecked and that 170 men were
drowned during a storm on Lake Bai-
kal.

The Stieff

Piano

THE SUPERIORITY of the Stieff Piano is fully
guaranteed through reference to their catalogue.
Established over 56 years. The factory was originated
by Chas. M. Stieff, the father of the sons who are now
continuing the business under the original name, Chas.
M. Stieff. One of the brothers, Geo. W. Stieff, of
Houston, will attend the Central Texas Fair with sev-
eral fine samples and will make special prices and
terms. Don't fail to see the pianos on exhibit. The
Texas branch is located at Houston. Address Geo.
W. Stieff, Houston, Texas. Old pianos taken in trade
as part payment on new ones.

THANKSGIVING DAY.

Proclamation Issued by the President of the United States.

NOV. 28 IS THE TIME

President Roosevelt in His Message Refers to the Death of President McKinley With Honor, With Love and Much Feeling.

Washington, Nov. 2.—President Roosevelt has issued his proclamation, fixing November 28 as the day for national thanksgiving. The proclamation is as follows:

A Proclamation: The season is nigh when, according to the hallowed custom of our people, the president appoints a day as an especial occasion for prayer and thanksgiving to God. This thanksgiving finds the people still bowed with sorrow for the death of our great and good president. We mourn for President McKinley because we so loved and honored him! and the manner of his death should awaken in the breasts of our people keen anxiety for the country and at the same time resolute purpose not to be driven by any calamity from path of strong, orderly, popular liberty, which, as nation, we have thus far safely trod. Yet in spite of this great disaster, it is nevertheless true that no people on earth have such abundant cause for thanksgiving as we have.

The past year in particular has been one of peace and plenty. We have prospered in things material and have been able to work for our own uplifting in things intellectual and spiritual. Let us remember that, as much as has been given us, much will be expected from us, and that true homage comes from the heart as well as from lips and shows itself in deeds. We can best prove our thankfulness to Almighty God by the way in which on this earth and at this time each of us does his duty to his fellowmen.

Now, therefore, I, Theodore Roosevelt, president of the United States, do hereby designate as a day of general thanksgiving, on Thursday, the 28th of this present November, and do recommend that throughout the land the people cease from their wonted occupations and at their several homes and places of worship reverently thank the Giver of all good for countless blessings of our natural life.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 2d day of November in the year of our Lord, 1901, and of the independence of the United States the one hundred and twenty-sixth.

THEODORE ROOSEVELT,
By the president,
JOHN HAY,
Secretary of State.

PLAGUE QUARANTINE.

Texas Is Not Going to Let That Disease Get a Foothold.

Austin, Nov. 2.—The state health department has begun active preparations to keep bubonic plague out of Texas and orders have been given for a strict quarantine against all infected ports. Seven or eight ships from Liverpool and Glasgow now enroute to Galveston and these vessels will be detained ten days at quarantine station and for an indefinite period should there be sickness on board.

Only Three Cases.

Liverpool, Nov. 2.—There are three cases of bubonic plague now in the hospital here. All are doing well.

No New Plague Cases.

Glasgow, Nov. 2.—No additional cases of the plague were officially reported for Friday. Two hundred employees of the Central Station hotel are confined to the hotel precincts for observation.

No Fear of Plague.

Washington, Nov. 2.—With the information so far in possession of the marine hospital service authorities as to the outbreak of the plague at Liverpool and Glasgow this government does not regard these cities infected ports. The utmost care, however, is being exercised by the officials here to prevent the plague from entering Atlantic ports through incoming vessels from Liverpool.

Murdered by His Wife.

Milo, Me., Nov. 2.—The coroner's jury which investigated the murder of Thos. Gero at Chesuncook, a region far up in the woods beyond Moosehead lake, has found that he came to his death from knife wounds inflicted by his wife. The chief witness was a guide, Fred Holt, who was going down the lake in a canoe. He witnessed the murder.

Increase in Stock Companies.

New York, Nov. 2.—The changes in

the New York corporation laws and the reduction of the tax for the privilege of organization by the last legislature has resulted in a large increase in the number of stock companies forming in this state.

American Cattle Barred.

New York, Nov. 2.—A dispatch from Buenos Ayres says the government has informed the American minister that it cannot allow the importation of American cattle for breeding purposes.

NICARAGUAN CANAL.

An Understanding Reached Which Abrogates Clayton-Bulwer Treaty.

London, Nov. 2.—The first official statement of any kind for a month in relation to the Nicaragua canal, has been obtained by the Associated Press. It confirms the fact that Lord Pauncefote, the British ambassador to the United States, when he lands in New York will have with him a draft of the new treaty abrogating the Clayton-Bulwer treaty which is in every particular satisfactory to Lord Salisbury's cabinet.

Since a representative of the Associated Press interviewed Lord Pauncefote in London not one word officially authorized has been given out here with reference to the canal. Editorials which have appeared in England have been based entirely upon dispatches from the United States.

The American state department does not require to see a copy of the important document Lord Pauncefote carries in order to learn its terms, though officially, negotiations will only commence when the ambassador reaches Washington. Until that time the exact conditions of the new convention will be held.

Though it is admitted that Great Britain has agreed to put the Clayton-Bulwer treaty to one side and acquiesce in the construction of the canal by and under the control of the United States, this concession from Lord Lansdowne's original contention has not been granted without some real or fancied advantage to Great Britain. This concession on the part of the United States is said to be in the form of reciprocity trade arrangement between the United States and the British West Indian and other American possessions.

Notice Treaty Terminated.

Washington, Nov. 2.—Nicaragua has given notice of the termination of the treaty of 1857 granting the United States authority to build a canal across that country. Also the treaty of 1870.

INDUSTRIAL PROGRESS.

Remarkable Advances Made in Four of the Southern States.

Baltimore, Nov. 2.—Preliminary figures of the census of 1900 for four typical Southern States are held by the Manufacturers' Record in this week's issue as including a most gratifying progress industrially in the south during the past ten years. The figures show an increase in the value of manufactured products in Florida of 100 per cent.; in Alabama, of 61 per cent.; in Georgia, of 54 per cent., and in Mississippi of 116 per cent during the decade.

The fact that while there has been a slight apparent decrease in the actual number of industrial establishments in four of the leading cities in Georgia, there has been an increase in the amount of wages, the capital invested and the value of the products, and an increase of 75 per cent in the number of establishments in the whole State, is held to be in harmony with what seems to be the general tendency in the south and in the country, a rapid rise of industries in new localities paralleling the centralization of some of those at long-established centers.

This rapid rise appears in the increase of 180 per cent in ten years in the number of manufacturing establishments in Mississippi, so long occupied in agricultural pursuits, slower to enter the industrial field, but now beginning to feel and to reveal statistically the material results of systematic railroad building, especially during the past five years, with a consequent opening up of timber resources, the development of truck growing, and the increase in wood working plants and kindred undertakings.

This development will undoubtedly be found to be marked and on similar lines in other States, such as Texas and West Virginia, where railroad construction has opened new fields for the miner and the lumberman. In the meantime, communities in other States are meeting their opportunities.

Latest in Labor Organizations.

Chicago, Nov. 2.—The newest labor organization in Chicago is the Pull Bearers' union, formed by about 60 men who gain a livelihood in the service of undertakers. The new union will establish a minimum scale of wages and

Also other city property.

HANGING OUT A SIGN!

Doesn't make a butcher shop Anybody can do that ! ! ! !

It takes a man who knows good market cattle when he sees them, and another one who knows how to slaughter right and one who knows how to cut meat. Good cattle may be ruined for market either in slaughtering or cutting on the block. Then the meat should stay in cold storage several days. When you buy from us you get the benefit of all our good meat and long experience.

FRANKLIN BROTHERS

SATISFIED Customers

Are our best advertisements. Therefore, if for no other reason, we should still try to give the perfect satisfaction which we do. We try to make every man so happy that he will immediately tell all his friends of us. We do this by selling the best Groceries at prices which are honest. You can't get better groceries at better prices. We don't mind proving this statement any time.

Central Texas Fair.

Come to the Central Texas Fair, and you will see a man go up in the air. With a balloon and parachute. A very brave act, no one can dispute. There are some horses that are hard to beat, and others that are swift on their feet. The race between the black and brown is talked about all over town. There is a cow that gives 12 gal. at a time. If you think you have got one that will beat it, bring it down here and we will defeat it. Come to the Central Texas Fair; some very fine cattle you will see there. There's a hog that whiffs 601. And some horses that can surely run. Come to the Central Texas Fair, if you have got enough money to bring you there. It is the best fair that's been in the state. So come on now, and do not wait.

—Ben Hendley, age 14.

Looks like a scrap between Turkey and France.

The comptroller reports the taxable values of the state more than seventy million dollars.

The Boers have landed heavily on the British again in the interminable South African war.

State Health Officer Tabor has quarantined against Liverpool on account of the bubonic plague.

Fair visitors are arriving by every train. Bryan bids them welcome and guarantees that they will be entertained.

Rubber barrel shooting at Niagara Falls is not destined to become a popular sport until the falls wear down a little more.

The photograph trust seems to be in danger from over-exposure. —Houston Post.

Ah, well, it is only a negative affair.

Ohio, Iowa, Nebraska, Pennsylvania, Maryland, Massachusetts, Rhode Island, New Jersey, Virginia and Mississippi pull off elections this fall.

As presiding officer of the court of inquiry Admiral Dewey has squared himself with the south at least. We don't care now if he did give that house away.

The truckgrowers are enthusiastic and growing in numbers. They are going to do something towards the development of Brazos county and Central Texas.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

Grau Grand Opera Co., Houston, Nov. 4.

For trains arriving at Houston evening of Nov. 3, and morning and evening of Nov. 4, the H. & T. C. will sell round tickets to Houston, limited for return Nov. 5, fare, \$3.55. W. S. Wilson, Agent.

Franklin Bros. have an abundance of cold storage meats on hand for fair week. You will be waited on promptly at either of their big markets and get just what you want. 89

ELEVEN DEATHS.

Diphtheria Anti-Toxine Give Children at St. Louis Lockjaw.

St. Louis, Nov. 2.—The list of deaths attributed to lockjaw as a result of the administration of diphtheria anti-toxine, manufactured by the city chemist, numbers 11, two new deaths being reported. Eleven other children are reported to the health department as suffering from lockjaw with slight chances for recovery. The cause of lockjaw in each case is said to be poisoning from the city's diphtheria anti-toxine. As a result of the charges, the health department has begun the free distribution of tetanus anti-toxine. It is designed to inject the serum into the blood of diphtheria patients who have been inoculated with the tetanus serum and thus exposed to lockjaw. The health department has announced that no more diphtheria anti-toxine will be manufactured by the city of St. Louis.

The investigation ordered by the city coroner to determine positively the cause of the deaths of the eight children who are alleged to have died from lockjaw, following the administration of the city's anti-toxine, is being pushed and it is expected that its object will be accomplished within a few days.

Drs. Bolton, Fish and Waldren, three of the most experienced bacteriologists in St. Louis, are making tests with anti-toxine and the serum taken from the spinal columns of the dead children.

Dr. Ravold, city bacteriologist, who made the anti-toxine complained of from serum taken from a horse, which developed tetanus on Oct. 1 and was shot, declares that if the animal's system contained tetanus bacilli on Aug. 24, when the last serum was taken from him, it was impossible to detect it by inspection of the horse.

At the Baptist hospital, an independent investigation has convinced Drs. A. B. Nichols, R. C. Harris and C. C. Morris that the presence of tetanus germs in the city anti-toxine is indisputable. A guinea pig was inoculated with the anti-toxine Wednesday night and developed symptoms of lockjaw Thursday morning and died Friday.

TEXAS NEWS.

Dr. Tabor Assumes Charge.

Austin, Nov. 2.—Dr. George R. Tabor has assumed the duties of his position as state health officer Friday morning. He appointed as clerk, who will act as assistant health officer, Dr. Chas. Fishback Norton, who has resigned the position of quarantine officer at El Paso.

Killed Thirty Ranchers.

El Paso, Tex., Nov. 2.—Reports from the state of Sonora, Mexico, reached here Friday afternoon that Yaqui Indians attacked Mexican ranchers near Oniaias, killed 30 persons and escaped to the mountains. Troops are now pursuit.

Treasury Receipts.

Austin, Nov. 2.—The state treasury received fully \$40,000 in cash Friday in payment of interest and principal on school land accounts. The average for the last three days has been \$40,000, which added to the \$428,000 for October makes a total of \$468,000.

Killed in a Runaway.

Van Alstyne, Tex., Nov. 2.—Lynn, the 4-year-old son of E. A. Turner, was killed in a runaway. The horse turned over a spring wagon, the wheel striking the back of his head, causing concussion of the brain.

No Claw Found.

Waco, Tex., Nov. 2.—There is no claw to the whereabouts of the negro that murdered John McDonald and his wife and severely beat their little son, who were in a fishing camp on the Brazos river.

Fire at Leona.

Jewett, Tex., Nov. 2.—The town of Leona, 20 miles south, suffered from fire Friday. Seven buildings were burned causing a loss of \$17,000; insurance is small.

Injuries Caused His Death.

Taylor, Tex., Nov. 2.—John Young, who was run over by a switch engine at the Missouri, Kansas and Texas depot Thursday, died here.

Parental Rights Affected.

Indianapolis, Nov. 2.—The supreme court in a decision handed down on an appeal from Jay county court, found the state compulsory educational law to be constitutional. The decision, in substance, refuses to countenance the contention that the state has no right to interfere with the parental management of a child. In this respect the opinion is considered unique by attorneys. It says: "The natural rights of the parent to the custody and control of the infant child are subordinate to the power of the state, and may be restricted and regulated by municipal law."

No Claw to Lukban.

Manila, Nov. 2.—Reports from Samar say nothing has been heard from Lukban, the Filipino leader, for several days. Soldiers have chased down every rumor, finding no claw. It is believed he has taken to the mountains to await another opportunity to attack isolated detachments.

Suicide of Nelson.

Guthrie, O. T., Nov. 2.—J. W. Nelson, aged 69, a wealthy resident and land owner of west Guthrie, committed suicide by shooting. Continued worry over imaginary enemies caused the act.

Government Purchases Bonds.

New York, Nov. 2.—It is announced at the sub-treasury that the total bond purchases by the government Friday amounted to \$1,272,170 par value and with premiums \$1,587,987.63.

HELD FOR CONTEMPT.

Newspaper Men Held Under Heavy Bond by a Chicago Judge.

Chicago, Nov. 2.—Judge Harney held representatives of the Chicago American in bonds to appear before the court in order to show why they should not be punished for alleged contempt of court. Bail was fixed as follows:

S. S. Carvelhoe, general manager, and Andrew M. Lawrence, managing editor, \$10,000 each; H. S. Canfield, reporter, and John C. Hammond, assistant city editor, \$1000.

W. R. Hearst, Homer Davenport and Clare Briggs, also accused of contempt through articles, editorials and cartoons, printed in connection with the People's Gas, Light and Coke company case, were out of the state.

Rain Badly Needed.

Washington, Nov. 2.—The weather bureau has issued a bulletin showing the weather conditions for the past month throughout the country. Rain is very generally needed over the middle and south Atlantic and belt coast district and also in the central valleys and middle Rocky mountain region, drought being very severe in western Texas, and in the upper Ohio valley very little damage by frost has occurred. On the Pacific coast the month has been favorable. Practically the whole month has been favorable for cotton picking.

Labor Situation Distressing.

Berlin, Nov. 2.—While the agrarians continue to demand even higher protective duties than those proposed by the government, the distress throughout Germany is becoming intense. It is estimated that there are 80,000 unemployed persons in Berlin. In the suburb of Charlottenburg, particularly the condition of labor, both skilled and unskilled, is distressing. A mass meeting of the unemployed has been called there.

Large Sum Due Heirs.

St. Joseph, Mo., Nov. 2.—A special agent for a life insurance company arrived here from Chicago, searching for heirs of Alexander M. Mitchell, who was a prominent resident of this city up to 1875, when he went to Kansas City and was never heard from again. There is a life insurance policy for \$25,000 that is ready for payment to his heirs if they can be found. The interest on the policy, aggregating a large sum, will be due the heirs.

Judge Matthews Dead.

Ardmore, I. T., Nov. 2.—Judge A. D. Matthews, aged 67, a pioneer of the Indian Territory, dropped dead at his home. He was the first United States commissioner under Harrison's administration and was well known throughout the Territory. He leaves a family.

Minister Griscom Married.

London, Nov. 2.—Lloyd Carpenter Griscom, United States minister to Persia, was married in St. Margaret's church, Westminster, today to Miss Duer Bronson, daughter of the late Frederick Bronson of New York.

To Cure Dyspepsia and Indigestion.

City Market.

Having purchased the City Meat Market from Messrs. Smith & Adams, I desire to inform the public that I am ready to supply

GOOD REFRIGERATED MEATS

Beef, Pork, Mutton and all kinds of market products in any quantity at reasonable prices. I will buy only the best animals and employ expert meat cutters. A portion of your patronage will be appreciated.

Respectfully,

JOHN W. HICKS.

GOOD Meat!

J. D. Franklin's

Market west of Main street, Brogdon's old stand. Nothing but the very best meat.

J. D. FRANKLIN.

Welcome NOVEMBER!

It is high time Mr. Man—without winter clothes, to go to market for same. Bryan is your market—at least you should make it such, and at the same time while in market make our store your central point, for you can find all the warm under and over wearables that are good for the winter use of mankind here in profusion. Again we welcome November because the "Great Central Texas Fair" and "Bryan Exposition" will open and vast crowds will be here, and of course take advantage of the opportunity to purchase warm wearables suitable for winter wear.

WE HAVE THEM

Here are a few things you may need—A SUIT, OVERCOAT, PAIR TROUSERS, HAT, SHIRT, GLOVES, UNDERWEAR, NECKWEAR

YOU HAVE THE TIME

LOOK OVER OUR Novelties in wooleus anyhow—you may be absolutely sure of finding something to suit you, no matter what your taste may be—we show such a variety of patterns that all are sure to be pleased.

For Swell Occasions!

or just ordinary everyday use, we have hats that suit. Whatever your choice of styles may be, we can fully meet your requirements.

SHOES?

KID OR Calf. Wide soles or narrow soles—either or both, every grade and description of desirable shoes—ways to be had. Do you prefer leather shoes? they are here. Do you like gaiter shoes? they are here to—Suits, Shoes, Hat or Furnishings no matter what it is you will find our store the best place to buy. Come anyhow and make our store headquarters—you're welcome.

Thomas & Hunter

My New, Up-to-date and Elegant stock of

...MILLINERY

Has been received and the ladies of Bryan and vicinity are invited to call and look through the splendid assortment of fall and winter styles shown. I am agent for Kline, Kohn & Co. of Chicago, and have their book of samples and forms, from which I can order your

SUIT, SKIRTS, JACKETS, CAPES, COATS and AUTOS made to your measure...

Materials for Point Lace and Battenburg. Yours to please,

BRITISH LOSE AGAIN.

Boers Defeat Benzon's Command in Eastern Transvaal.

MANY WERE KILLED

Kitchener Only Sends Partial Particulars and Says He Fears Casualties Were Heavy—The Battle Occurred During a Mist.

London, Nov. 2.—General Kitchener reported Friday to the war office another disaster to the British near Bethel, eastern Transvaal, in which two guns were lost, several officers killed and wounded, 54 men were killed and 160 wounded.

The following is the text of Kitchener's dispatch, dated Pretoria, Nov. 1:

"I have just heard of a severe attack made on the rear guard of Col. Benzon's column when about 20 miles northwest of Bethel, near Broken Laagte, during a thick mist.

"The strength of the enemy is reported to have been 1000. They rushed two guns with the rear guard, but it is uncertain whether they were able to remove them.

"I fear our casualties were heavy. Col. Benzon was wounded, but not severely. A relieving column will reach him this morning."

Later Lord Kitchener telegraphed as follows:

"Colonel Carter, who marched from the constabulary line yesterday reached Benzon's column early this (Friday) morning unopposed. He reports that Colonel Benzon died of his wounds.

"The officers killed were Colonel E. McGuinness, Major F. D. Murray, Captains E. Llood, M. W. Lindsay and E. T. Thouroult, Lieutenants E. V. I. Brooks and R. E. Sheppard and Second Lieutenant A. J. Corlett."

Lord Kitchener then gave the names of 12 officers who were wounded, most of them severely, and announces that 54 non-commissioned officers and men were killed and 160 wounded, adding that four of the latter have since died of their wounds. The dispatch then says:

"I assume that the two guns have been recovered and the enemy has withdrawn, but I have no further details.

"I deeply regret the loss of Colonel Benzon and the other officers and men who fell with him. In Colonel Benzon the service loses a most gallant and capable officer, who invariably led his column with marked success and judgment.

"The fighting was at very close quarters and maintained with determination on both sides. The enemy suffered heavily, but I have not yet received a reliable estimate. The Boers retired east."

Colonel Benzon had been for some time operating in the vicinity of Bethel, which is northeast of Standerton. He surprised Boer Lager Oct. 22, near Trichardsfontein, taking 37 prisoners. Three days later, according to Lord Kitchener's report at the time, after a long night march, the commandos under Gabelaar and Brasmus heavily attacked Benzon's rear guard and flanks at Yzivarkarfontein, but were easily driven away.

Whether this was the attack which resulted so disastrously, or whether the Boers, who had been repulsed, took advantage of the mist to renew the attack, is still unexplained.

Lord Kitchener does not give the date of the Bethel engagement.

Another dispatch from Lord Kitchener says Colonel Kekewich, during a night surprise of Van Albert's Lager, northeast of Rustenburg, about 60 miles west of Pretoria, captured 73 Boers.

Manchurian Convention Denounced.

London, Nov. 2.—The Standard publishes the following from its Shanghai correspondent:

As a result of the violent opposition of the viceroys to the Manchurian convention, it is said that the empress dowager notified Li Hung Chang of her resolution to denounce it and that Li Hung Chang on hearing this became ill.

Li Is Seriously Ill.

Pekin, Nov. 2.—Li Hung Chang's physicians have pronounced his condition grave. He has had hemorrhages for the last two days. His death would probably affect negotiations as to Manchuria, which he has been conducting with M. Paul Tassar, Russian minister to China.

Preacher Lodged in Jail.

Marion, Ind., Nov. 2.—Rev. George W. Osborne, a Seventh Day Adventist minister, was arrested by Truant Officer James on the charge of disobeying the truancy law and keeping his 10-year-old son out of school. Osborne pleaded not guilty and his bond was fixed at \$50, which he did not attempt to give, but went to jail. He gave as his reason for not sending his son to school that he did not wish him to learn certain things taught in the public schools.

TURKEY BROUGHT AROUND.

Dispatch of French Warships Forces the Sultan to Settle.

Paris, Nov. 2.—The dispatch of Admiral Caillard's squadron from Toulon to Turkish waters has already had effect. The French foreign office has received a telegram from M. Baptiste, the counselor of the French legations at Constantinople, announcing that the

SULTAN ABDUL HAMID.

sultan Friday sent him a message accepting all the French claims, including the Lorando claim. It is understood the French government also will demand an understanding that Turkey is not to renew recent interference with diplomatic mail bags.

Italian Squadron also Sails.

London, Nov. 2.—A dispatch to a news agency from Rome says a second division of the Italian squadron has started for Turkey with the object, it is said, of counterbalancing the French naval demonstration.

BULLER'S EXACT WORDS.

They Have Not Been Published and Are Not Likely to Be.

London, Nov. 2.—The exact terms in which General Buller, who continues to monopolize the conversation in England, advised General White to surrender Ladysmith, have not yet been published, nor are they likely to be in the near future. It is probable the war office will take absolutely no action in the matter until parliament reassembles when the official paper will be ready to answer the request which is sure to be made, to have these dispatches placed before the house of commons. Buller, so far, has asked this to be done, and the official view of the case is that he is not likely to take any such step.

Agitation in favor of Buller does not disturb the officials of Pall Mall, and with the exception of a few parliamentary passages at arms, they expect it to blow over as did the retirement of Gen. Colville.

CONDITIONS AT NOME.

No Scarcity of Food Exists There and the Outlook Is Excellent.

Seattle, Wash., Nov. 2.—Lieutenant D. H. Jarvis, who was among the last to leave Nome, reports that from 3000 to 3500 people are wintering in the district.

Lieutenant Jarvis had been the government treasury agent, doing customs work at Nome this summer. Of the number he mentions, which includes the mining population of the the whole Seward peninsula, about 2000 are in the town of Nome.

Lieutenant Jarvis states that there will be no scarcity of food supplies this winter. He states also that the coming season will be a good one and the outlook for the future from a gold producing standpoint is encouraging.

The condition of the natives is stated to be much improved over that of the season of 1900.

OBTAINED HIS REVENGE.

Fatally Injures a Woman, Kills Her Husband and Then Suicides.

Amsterdam, N. Y., Nov. 2.—Fred Bankert gained admittance to apartments of William Green late Friday night and killed Green shooting him in the neck with a revolver and splitting his head open with a hatchet. Bankert also shot Mrs. Green and out her head open with a hatchet, inflicting fatal wounds, and then shot himself through the heart dying instantly.

Bankert was a suitor of Mrs. Green before her marriage but his love was unrequited. For this reason he shot her Nov. 23, 1895, and out her with a razor, but she recovered from her wounds. For this crime Bankert was sent to the state prison and was released about five months ago.

Dead Body Identified.

Newburyport, Mass., Nov. 2.—The body that was found among the driftwood on Plum island has been identified as that of John J. Abele of Cambridge, the identification being made by his sister, Miss Christina Abele of Cambridgeport. The opinion is he was murdered and the body thrown into the water, after it floated toward Plum island. Miss Abele says her brother usually carried considerable money about him.

Louisville Man Appointed.

Washington, Nov. 2.—Theodore Ingalls of Louisville, Ky., has been appointed chief of the mail depredation division of the postoffice department, succeeding Emanuel Speich, transferred to another branch of the service.

Over One Hundred Drowned.

London, Nov. 2.—It is announced in a dispatch to a news agency from St. Petersburg that scores of fishing boats were wrecked and that 170 men were drowned during a storm on Lake Balkal.

The Stieff Piano

THE SUPERIORITY of the Stieff Piano is fully guaranteed through reference to their catalogue. Established over 56 years. The factory was originated by Chas. M. Stieff, the father of the sons who are now continuing the business under the original name, Chas. M. Stieff. One of the brothers, Geo. W. Stieff, of Houston, will attend the Central Texas Fair with several fine samples and will make special prices and terms. Don't fail to see the pianos on exhibit. The Texas branch is located at Houston. Address Geo. W. Stieff, Houston, Texas. Old pianos taken in trade as part payment on new ones.
